### SEVERE WEATHER REPORTING PROCEDURES:

#### What to report...

<b>TORNADOES</b> FUNNEL CLOUDS WALL CLOUDS	Organized, persistent rotation
<b>HAIL</b>	Half Inch in diameter or larger
<b>DAMAGING WINDS</b>	Large branches, trees, powerlines, or signs blown down. Roof damage and structure damage.
<b>FLOODING</b>	Flooding of streets or highways. Is it posing a risk to life or property?
<b>WINTER WEATHER</b>	Any ice/snow accumulation
<b>LIGHTNING</b>	Injuries or damage caused by lightning

#### How to report...

- Keep your report very brief
- Identify yourself as a trained spotter
- Give your exact location
- Tell us what you saw
- Give the event's time

If you are in doubt as to whether or not an event is severe, make the report anyway.

Never assume someone has already made the report!

**Spotter Guidebook:** <http://www.nws.noaa.gov/os/brochures/SGJune6-11.pdf>

### HAM Radio
