

8 JAN 2024 Announcements

Monday, January 8, 2024 1:21 PM

- 1- Remain Weather Aware! Focus 4am-8am based on 13:51 Update from PTC. Just remain flexible and aware... Flooding, Strong Winds as storm moves through our area. While PTC depicts below our area, you still need to be prepared...
- 2- Tuesday Night W1JKU, NCS on District NET and going to discuss VARAC
- 3- If there is training you would like to nominate for 2024, send Winlink or Email to W1JKU.
- 4- We still have a few members that have not completed the 2023 SET Training tasks. Those items need to be closed out prior to leaving the Meeting on 13January to remain in an active status. If you have a conflict or needs further assistance, or have data to validate, please notify KO4IFY so the rosters can be updated and you remain Active.
- 5- On 8JAN2024, the ICS217 has been updated on the Cherokee-ARES.ORG Website under the Frequency Page.
 - a. I have temporarily removed WA4EOC Repeater.
 - b. The AB4NX-15 DIGIPEATER has been renamed as W4NWG-15.
 - c. I have also renamed the Channel Name for the K4SJRRepeaters on 145.430 and 146.700 as NWGA uses Frequency instead of Name. Goal is to simply when NWGA asks you to change frequency, you can quickly cross-check on our ICS217 and how your radio is currently programmed.
- 6- Reminder for our NETS or Critical Weather, Check the following:
 - a. Cherokee-ARES.ORG for formal Announcements
 - b. Monitor our Primary /Alternate Frequencies
 - c. Monitor Winlink Messages
 - d. Monitor DRATS for the #CCARES Channel on the nwgaares.ratreflector.com
 - e. Monitor APRS for W1JKU, WA4EOC, or other notifications from our AEC's: KO4IFY, K9APD, KO4IFY, etc
